

The #125 Regular Steel Frame and Waterpan is our most popular Boot-Boy model and it can be used wet or dry. There are a variety of additional models available that are equipped with Stainless Steel Frames, upgraded Waterpans and a Pull-out Tray for ease of cleaning and dry use.

The Boot-Boy can be used anywhere and everywhere including:

- ✓ Food Processing Plants
- ✓ Construction Sites
- ✓ Recreation Centres
- ✓ Golf Courses
- ✓ Building Entrances
- ✓ Oil & Mining Facilities
- ✓ Health Centres
- ✓ Municipal Offices
- ✓ Apartment Complexes
- ✓ Farms
